I forward herewith the proposals of the Coondapur Panchayat Board and the District Board, South Kanara, requesting extension to the Coondapur Panchayat Board area the provisions of sections 146 to 149 and 153 to 161 of the Madras District Municipalities Act and offer the following remarks.

Section 146(1) and (2) is similar to provisions of section 39(1) and (2) of the Madras Public Health Act, but the latter Act contemplates the appointment of Health Officer. Panchayat boards cannot have funds to employ a health officer nor can they be requisitioning the services of the district health officer. Hence section 146 of the Madras District Municipalities Act may be extended to the panchayat board. Sections 147 and 148 also may be extended to the panchayat board as the Madras Local Boards Act and Madras Public Health Act are wanting in similar provisions. Section 149 of the Madras District Municipalities Act corresponds to section 40 of the Public Health Act and hence it need not be extended to the panchayat board. Section 153 of the Madras District Municipalities Act may be extended. Sections 154 and 155 were deleted from the Act by Act X of 1930 and the question of extending the two sections need not be considered. Section 156 of the Madras District Municipalities Act, being analogous to section 128 of the Madras Local Boards Act, need not be extended to the panchayat board. Sections 157 and 158 of the Madras District Municipalities Act may be extended. Section 159 of the Madras District Municipalities Act is analogous to section 129 of the Madras Local Boards Act and hence it need not be extended to the panchayat board. Sections 160 and 161 of the Madras District Municipalities Act may be extended.

Sir,

In retransmitting herewith Government Endorsement No.33763-1-E1 dated 5-9-41 with its enclosures, I have the honour to offer the following remarks:

Section 157 of the District Municipalities Act corresponds to Sec.51(1) of the Madras Public Health Act. Hence it need not be extended. As regards the other sections, I agree with the remarks of the Inspector of Municipal Councils and Local Boards.

I have the honour to be,

Sir,

Public Health. Compulsory Scavenging. Extension of the provisions of the District Municipalities Act to Panchayat Board area. Requested.

The district Panchayat officer, South Kanara in his D dis 1739/40 dated 6.6.40 suggested that the Government might be moved to extend the provisions contained in sections 146 to 149 and 153 to 161 to the Panchayat Board area. The question was placed for consideration before this Board and it has, in its resolution

157 - 124 words
153 - 125

no 109 dated 29.11.40 resolved [redacted] to
Government for the extension. A copy
of the resolution and a translation of it in
English are enclosed. The District Health
Officer to whom the matter was referred has
recommended the proposal - please
see his no dis 4920-1/40 dated 7.1.41 enclosed.
I therefore request that the Government
may be pleased to extend to this Panchayat
Board area sections 146 to 149 and 153 to 161
of the Dt Municipalities Act and the penal
provisions under these sections contained
in Schedule VII to the act, as there are
over two hundred latrines in this Panchayat
area the owners of which get the scavenging
work done by private scavengers over
whom there is no proper supervision and
the work is therefore done very perfunctorily.

****

I am instructing the Panchayat Presidents to extend their full measure of cooperation to the public Health staff in their work of improvement of public Health of the villages.

While recommending a particular scheme of public Health work in a Panchayat (not onenotified under the Act) the Health Inspector may be instructed to go into the question of ability of the Panchayat to work the scheme successfully and satisfy themselves that all the obligatory items of expenditure are met and important normal services such as the up keep of the wells and roads are not prejudically affected. You will agree that a scheme prepared abstractedly, without reference to the realities of the situatio will be mere waste of money and energy.

The success of bore-hole latrines in rural areas generally is in my opinion debatable and I suggest that they may be introduced only in areas having urban characterstics. The Panchayat Boa concerned may be consulted as to the possible usefulness of suc latrines in the locality before actually putting them up.

As regards offensive and dangerous trades, I am instruct the panchayat boards to furnish the Health Inspectors concerned a list of places licensed since consultation - except in very tec cal cases may tend to become a cumbrous procedure.

The Health Inspectors may be requested as for as possible t be in touch with Presidents of Panchayats, and reduce correspondenc with them to the minimum.

Dt. Panchayat Officer,
South Kanara.

Copy to Panchayat Board Presidents in Kasaragod Taluk with the letter of the District Health Officer, for information and guidance.

Every assistance and cooperation should be given to the Health Inspectors whenever demanded.

The mere extension of sections 146 to 148, 153, 158, 160 and 161 of the District Municipalities Act will not be sufficient. These provisions cannot be enforced unless the penal provisions contained in section 313 and Schedules VII and VIII of that Act so far as they relate to the aforesaid sections are also extended to the village. E. & P.H. may therefore consider in consultation with the panchayat and distric board whether these provisions should not also be extended to the village.
